"Raised in an unbelieving church, I was lost and despairing of any purpose for my life. I was saved by grace through faith that was not my own, but a gift from God. Since then I have desired to know God by his word and Spirit, build and protect his church, and deepen relationships with his people.

I spent most of my life as a Christian delighted to work for God in the business world, then in 2010 I received a call to Pastoral ministry. This call was confirmed, and now I joyfully serve the Lord by praying, teaching & preaching, and equipping the saints for the work of ministry."
